FRIEX HOUSE DISCUSSION:

Acknowledged the Friex House has been cleaned and ready to be listed. Questioned is the original listing price is \$189,000. Thoughts are should it be higher because its desired location close to Sister Bay Village. The consensus of the Council was yes we want to sell the house instead of holding it for any more length of time other than necessary. It was discussed that even though the house is in good condition and will show well, the landscaping could be improved to have a better first impression on potential buyers. It was the consensus of the Council present to contact two individuals and get some dead tress removed and police the yard and have a definite decision on the price of the house at our August meeting.
