

Stella Maris Poverty Summit Meeting Minutes

June 1, 2016

In Attendance: Steve Schultz, Jan Liss, Wayne Kudick, Julie Judick, Marv Leppert, Joe Miller, Elaine Mulligan, Jerry

Just wanted to thank all of you for a very informative meeting yesterday. Breaking the cycle of poverty is quite a mountain to climb, especially here in Door County given the different circumstances that come along with life in our beautiful county.

So starting out small, while getting a feel for what Roger is looking for, is a good initial approach.

The discussions around the development of the pantry were very beneficial as we move that community service into the next phase.

Jan had a good thought of hanging a clipboard with a sheet asking those who utilize the pantry what products they would like to have the pantry provide, instead of a suggestion box.

Here are the take aways from the meeting and let me know if I missed anything.

Wayne - Call Roger and see what he is looking for regarding breaking the cycle of poverty

- Write a piece on the seasonal difficulties that year round residents face

Julie - Write a piece on the need for night time and weekend day care services

Steve - Create clipboard for pantry product requests

- Ask Father if the signage could be put back on the main sign
- See if Roger would still like to have Door Of Life become part of the radio announcements
- Ask the Hispanic community what type of products they would utilize from the pantry
