

Volunteer Participation Tenure

Stella Maris Parish allows their parish members to serve in their Volunteer Positions as long as they are willing to serve.

Committee members should be asked every two years if they are willing to continue their service. Members may leave their service at any time they feel a need to. Members are encouraged to seek replacements and/or additional members for committees. Commission and committee chairs should serve a two year term unless they request to step down. They may serve longer if willing and requested by the commission or committee. The exception to this policy is the roles of trustee or council members which are governed under diocesan guidelines.
